

GIS for Epidemiology

Day 2 of Geospatial Technology for Public Health Policy Workshop May 27–29, 2024 — GISE Hub, IIT Bombay@Central University Gujarat (CUG), Gandhinagar

Prof. (Dr.) Biju Soman

Dr. Arun Mitra

2024-05-28

Welcome

- Welcome to the Day 2 of **Geospatial Technology for Public Health Policy Workshop!**
- The goal for today is to highlight the applications of GIS in Epidemiology while providing the foundational concepts in Spatial Epidemiology.
- The workshop introduces the participants to the field of Spatial Data Science through the statistical programming language R.
- The workshop is intended as an introductory window into the world of spatial data analysis and visualization for public health policy.
- Workshop materials in the github repository [GIS4EPI-Workshop](#)

Learning Objectives for Tutorial

At the end of the day, participants will be able to:

- Identify the main features that make Julia an attractive language for Data Science
- Set up a Julia environment to run their data analysis
- Efficiently handle datasets (even across different languages) through Tables.jl and Arrow.jl
- Fit (generalized) linear mixed models with MixedModels.jl
- Communicate across languages (Julia, R, python)

Schedule

Time	Topic	Presenter
10:00 - 10:50	Session 1a: Foundational Concepts in Spatial Epidemiology	Prof. Biju Soman & Dr. Arun Mitra
	<i>Bio-Break</i>	
11:00 - 11:50	Session 1b: Introduction to Spatial Data Science using R	Prof. Biju Soman & Dr. Arun Mitra
	<i>Bio-Break</i>	
12:00 - 12:50	Session 1c: Investigating an Outbreak: Applications of Spatial Epidemiology	Prof. Biju Soman & Dr. Arun Mitra
	<i>Lunch</i>	
14:00 - 14:50	Session 2a: Spatial Data Visualization: Principles and Best Practices	Prof. Biju Soman & Dr. Arun Mitra
	<i>Bio-Break</i>	
15:00 - 15:50	Session 2b: Case Studies: Spatial Data Analysis and Visualization	Prof. Biju Soman & Dr. Arun Mitra
	<i>Bio-Break</i>	
16:00 - 16:50	Session 2c: Hands-on Exercises	Prof. Biju Soman & Dr. Arun Mitra
16:50 - 17:00	<i>Q&A Session</i>	

In preparation for the workshop

Participants are required to follow the next steps before the day of the workshop:

1. Install R
2. Install RStudio.
3. Install packages
 - tidyverse: `install.packages('tidyverse')`
 - sf: `install.packages('sf')`
 - rgeoda: `install.packages('rgeoda')`
 - tidyverse: `install.packages('tidyverse')`
 - leaflet: `install.packages('leaflet')`
 - here: `install.packages('here')`
